

MUSTAD MARINESM

Yacht Delivery Testimonials

"I met Arnstein Mustad in 2005 through one of my crew. Since then he has done three major deliveries for me from So Cal and Hawaii. Somewhere close to 6000 miles to date. I already have him scheduled for a fourth delivery this year and plan to use him for a fifth in 2010. There have been many benefits to using Arnstein for deliveries, but his professionalism, his thoroughness and his concern for his crews and your boat's safety top the list. His affordability helps but with boats and crew at stake, the cost is secondary to his service. I would recommend Arnstein Mustad to anyone looking for a quality delivery of their vessel."

To Whom It May Concern:

I am pleased to recommend Captain Arnstein Mustad whom I used to move my 59ft Carver Marquis from Oakland, CA to Ensenada, Mexico. I was impressed with his expertise in the boat's mechanical systems, navigating systems and seamanship abilities with the yacht.

I would not hesitate in using Captain Mustad in the future.

Arnstein skippered my Sea Ray 390 while I entertained guests during Fleet Week. He did an absolutely marvelous job and we all had a blast while remaining safe.

I'd give him five stars if there was such a thing for charter skippers!
